

HYD-T54 1281

Tri-Proof

DESCRIPTION

This triple proof luminaire features a waterproof, dustproof, and corrosion resistant three layer protection architecture, together with excellent vibration and impact resistance. Its high grade protective structure has been rigorously tested and optimised to deliver lasting, reliable protection for internal components. The luminaire is also compatible with mainstream T8 tubes on the market, allowing easy replacement, and when paired with a high efficiency LED light source, its overall performance is significantly enhanced.

ELECTRICAL FEATURES

Powered By	HYUNDAI
Dimmable	No
Control interface	No

TECHNICAL FEATURES

Materials	PC
Surface Material	Diffuser cover-Translucent color (PC)
Body Color	grey
Adjustability	Not Adjustable
IP Class	IP65
Installation way	Surface
Dimension	W94 x L1281 x H69
Cut Dimension	N/A

APPROVAL AND APPLICATION

Standard	CB,CE
Working temperature	-20 °C ~ + 45 °C

PACKAGE SIZE

PCS/CTN	1
Carton Size	-

PRODUCT SPECIFICATION

Luminaire luminous flux	-
Efficiency	-
Beam Angle	-
Life span	20,000 h
Light source	HYUNDAI

APPLICATIONS

factory, Warehouses, outdoor, Parking lots, loading areas, Gymnasium
