

Wall light

Wall lamps provide focused illumination, enabling precise local lighting. They can also function as supplementary light sources to the primary lighting, effectively minimizing dark zones and creating a uniform, soft, and glare-free lighting environment. Furthermore, their gentle light output makes them suitable for use as night lights or pathway indicators. Wall lamps exemplify the advantage of Versatility, serving not only as practical lighting fixtures but also as aesthetic decorative elements. They enhance spatial ambiance while fulfilling functional needs, thereby improving both living quality and perceived safety.

Electrical Features	
Light source	HYUNDAI
Powered By	HYUNDAI

Materials	Housing-BLACK-Aluminum
Surface Material	Lampshade-White-PC
Installation way	Wall mounted
Adjustability	Not Adjustable

porchs, Villas, Stairs, Hotel, Bedroom, Porch, Dining room, Outdoor porch, Courtyard wall
