

HYD-L03R-9W 3K 108*600

Garden Light

Description

This is a professional-grade fixed lighting fixture specifically designed for outdoor environments. Its design concept is derived from places with strict requirements for lighting quality, such as gardens, parks, large lawns, core landscape nodes, walkways, as well as hotels and commercial complexes. With IP65 professional protection, its precise structure can completely prevent dust from entering and withstand low-pressure water spray from any direction, calmly dealing with adverse conditions like wind, rain, frost, snow and dust, ensuring stable and reliable operation all day long. The product adopts an efficient optical system and selected LED solutions, with luminous efficacy significantly surpassing that of ordinary decorative lamps. While providing high brightness and uniform illumination, it achieves outstanding energy efficiency. Whether it is to create a distinctive visual focus for night landscapes or to meet the functional lighting needs for safety guidance, it is an ideal lighting solution that pursues permanence, maintenance-free operation and superior performance.

Product Specification

Power	9 W
Luminaire luminous flux	684 lm
Efficiency	76 lm/w
CCT	3000 k
CRI	≥80
Beam Angle	360°
Working temperature	-10 to + 45 °C
Life span	30,000 h
IP	65
Dimension	D108 x H600

Technical Features

Materials	Housing-BLACK-Aluminum
Surface Material	Lampshade-Transparent color-Glass
Installation way	Surface
Adjustability	Not Adjustable

Applications

Showrooms, Greenery, Villas, Lawn lighting, Hotel

Electrical Features

Light source	LM80 SMD Module - SMD
Powered By	HYUNDAI

Scene Application

IES Features
