

HYD-159R-15W 6.5K

Panel light

Description

This recessed panel light made of PA+PC material features excellent heat dissipation performance, effectively reducing light attenuation and significantly extending the lifespan of the lamp. Internally selected high-quality LED chips, combined with high-transparency diffusers, not only achieve high efficiency and energy savings but also reduce dark areas in the light, providing uniform and bright illumination. The soft light is not dazzling, creating a comfortable and healthy visual environment. The recessed concealed design seamlessly integrates with various decoration styles, without being conspicuous, and adds to the aesthetic appeal of the space.
