Magnetic track light

Description

Magnetic track lights utilize magnetic attraction to enable the lamp modules to be installed, moved and replaced on electrified tracks without tools. Its 48V DC low-voltage power supply technology allows the lamps to light up immediately upon placement, completing both fixation and power connection. The system includes a variety of light source modules that can be flexibly combined to adapt to lighting solutions such as the no-main-light design. From home living rooms to commercial exhibition halls, from minimalist residences to light luxury offices, the 48V magnetic track lights, with their safety, flexibility and efficiency, truly serve people's needs and change as required.
