

HYD-L02-10W 4K

Underground light

Description

The in-ground light's advantage lies in its hidden design, which remains invisible during daytime while providing illumination at night, combining practicality with artistic beauty. Embedded underground, it effectively saves space and focuses light on landscapes with an upward projection that enhances visual depth. Its robust construction offers corrosion, dust, and water resistance, ensuring pedestrian safety. Utilizing LED technology, it achieves low energy consumption and long lifespan with easy maintenance. Widely applied in various outdoor spaces, it significantly improves both aesthetic appeal and safety in nighttime environments.

Product Specification

Power	10 W
Luminaire luminous flux	830 lm
Efficiency	83 lm/w
CCT	4000 k
CRI	≥80
Beam Angle	105°
Working temperature	-10 to + 45 °C
Life span	30,000 h
IP	65
Dimension	D150 x H90

Technical Features

Materials	Frame-Nickel-Stainless Steel
Surface Material	Lampshade-Transparent color-Glass
Installation way	Planted in soil
Adjustability	Not Adjustable

Applications

outdoor, Roads, Parking lots, Public Squares, Villas, Pedestrian areas, Lawn lighting, Hotel

Electrical Features

Light source	LM80 COB Module - COB
Powered By	HYUNDAI

Scene Application

IES Features
